

December 2017

## Region XI EMS Monthly Pearls

- **Online Medical Control (OLMC)** calls for STEMI, stroke, trauma etc. should begin the telemetry report with this information: *"This is ambulance x, we are en route to your facility with a STEMI patient"*.
- Transport of self-identified U.S. **military veterans** within the Region XI EMS system can be to the Jesse Brown VA Medical Center (JBVA) within a defined catchment area or per specific case. For details, refer to the 'Operational Memos' section of the [www.chicagoems.org](http://www.chicagoems.org) website.
- **EMS run forms** should be printed and handed to the Emergency Department team prior to departing the hospital; if the printer is not functional then the run may be faxed.
- On Friday, December 29<sup>th</sup>, the **University of Chicago** will open their new Emergency Department and all EMS transports for the ED should use the ambulance entrance at 57<sup>th</sup> and Cottage Grove Avenue.
- All Region XI EMS providers should login to their **Target Solutions** account and ensure they have completed registration by entering licensure information to transition from an 'offline' to an 'online' user.
