

ADVOCATE ILLINOIS MASONIC MEDICAL CENTER
JOHN H. STROGER JR. HOSPITAL OF COOK COUNTY
NORTHWESTERN MEMORIAL HOSPITAL
UNIVERSITY OF CHICAGO MEDICAL CENTER

DATE: June 15, 2020
TO: Region 11 EMS Participating Hospitals
FROM: **REGION 11 EMS MEDICAL DIRECTORS CONSORTIUM**
SUBJECT: **NEW AIRWAY PRODUCT - REMINDER**

As a reminder, the Region 11 (Chicago) EMS System will be **transitioning to the i-gel Supraglottic Airway on July 1, 2020**. As such, the following items have been added to the Region 11 Drug, Equipment, and Supply (DES) List. Please be sure to have these items available for prehospital replacement beginning July 1.

- i-gel **RESUS** Pack sizes 3, 4, 5 (please note: **ONLY PURCHASE THE RESUS PACK**, these are pre-packaged for EMS use with the airway device, the support strap, and the lubricant)
- i-gel Pediatric Airway sizes 1.5, 2, 2.5 (please note: the pediatric sizes are packaged individually and do not come in the Resus Pack option)
- Suction catheters 10F, 12F, 14F (already on the list, but please ensure that you stock these)
- Water based lubricant single packet

The i-gel Supraglottic Airway devices will preferentially be exchanged for the King Airway devices, unless there is a critical shortage of the product. Please note that while the cost of the i-gel Airways is significantly less than the King Airways, additional pediatric sizes will be needed.

Please contact your Resource Hospital with questions.
