

EMS System Entry - Target Solutions Account

In order to successfully complete the Region 11 Chicago EMS System Entry process, it is your responsibility to create an account with Target Solutions. This is our online platform for continuing education and updates within the Chicago EMS System. The cost is \$80 for two years. This account is mandatory to maintain as long as you are active in the Chicago EMS System.

Additional information regarding this requirement can be found on the Region 11 Chicago EMS website (www.chicagoems.org), under the "Target Solutions" heading located at the top of the page. Please refer to the FAQ document to assist with any issues during the registration process.

The expectation is that an account is created within two weeks of the first EMS System Entry session date.

By signing this document, you acknowledge the information has been given to you and attest to compliance with the requirement.
