

<b>REGION 11 CHICAGO EMS SYSTEM POLICY</b>	Title: Pediatric Patient Destination
	Section: Transportation
	Approved: EMS Medical Directors Consortium
	Effective: December 6, 2023

## **PEDIATRIC PATIENT DESTINATION**

### **I. PURPOSE**

- A. Identify pediatric patients with complex conditions that require transport to a designated Pediatric Critical Care Center (PCCC).
- B. Identify pediatric patients with emergency conditions that require transport to a designated Emergency Department Approved for Pediatrics (EDAP).
- C. For pediatric trauma criteria and Level 1 Pediatric Trauma Centers, refer to the Trauma Patient Destination Policy.

### **II. PEDIATRIC CENTERS**

#### **A. Pediatric Critical Care Center (PCCC)**

- 1. Hospitals that have a pediatric intensive care unit (PICU) and can provide specialty inpatient services for the pediatric patient.
- 2. All PCCC level centers must also maintain EDAP status.

#### **B. Emergency Department Approved for Pediatrics (EDAP)**

- 1. Hospitals that can provide comprehensive emergency services and meet pediatric emergency care requirements.
- 2. Pediatric emergency care requirements include appropriately trained staff, effective processes (policies, guidelines, training requirements, and quality improvement initiatives), and resources (medications, supplies, and equipment) to care for children who present to the emergency department (ED).

#### **C. Emergency Department Without Pediatric Designation**

- 1. Hospitals that can stabilize and may transfer pediatric patients.

### **III. PEDIATRIC DESTINATION CRITERIA**

#### **A. Pediatric Critical Care Center (PCCC)**

- 1. Pediatric stroke
- 2. Other complex conditions that require specialty care in consultation with online medical control

<b>REGION 11 CHICAGO EMS SYSTEM POLICY</b>	Title: Pediatric Patient Destination
	Section: Transportation
	Approved: EMS Medical Directors Consortium
	Effective: December 6, 2023

**B. Emergency Department Approved for Pediatrics (EDAP)**

- 1. Pediatric cardiac arrest (preferentially PCCC)
- 2. Status epilepticus
- 3. Brief Resolved Unexplained Event (BRUE)
- 4. Abandoned newborn

**C. Emergency Department Without Pediatric Designation**

- 1. Low acuity conditions

**IV. HOSPITAL COMMUNICATION**

- A. All pediatric patient transports are considered Systems of Care patients and require contact with Online Medical Control.
- B. When possible, preferential transport to the pediatric patient’s medical home can facilitate timely and efficient care.
- C. Region 11 Hospitals that are Base Stations with PCCC capabilities may be contacted preferentially for Online Medical Control including refusals.
  - 1. Ann & Robert H. Lurie Children’s Hospital of Chicago
  - 2. UChicago Medicine Comer Children’s Hospital

<b>REGION 11 CHICAGO EMS SYSTEM POLICY</b>	Title: Pediatric Patient Destination
