Objective:

- Describe a systematic approach to assessment and management of the trauma and acute care patients.
- Formulate an action plan based on scientific rationale, evidence-based standards of care, and practice management guidelines for trauma and acute care patients.
- Describe management of the pre and post-acute care surgical patients.

Target Audience: This activity is designed for physicians, nurses, and other healthcare professionals.

Disclosure:

Faculty disclosures are being reviewed and will be presented to the audience in advance of the program.

Commercial Support: There is no financial support for the activities.

Exhibitors: Will be disclosed at the meeting

Accreditation Statement:

In support of improving patient care, Advocate Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Credit Statement(s):

American Medical Association (AMA)

Advocate Health designates this live activity for a maximum of 6.50 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Nurses Credentialing Center (ANCC)

Advocate Health designates this live activity for a maximum of 6.50 ANCC contact hours. Nurses should claim only the credit commensurate with the extent of their participation in the activity.

Board Recognition Statement(s) American Board of Surgery (ABS)

Successful completion of this CME activity enables the learner to earn credit toward the CME of the American Board of Surgery's Continuous Certification program. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABS credit.
